Kahler Training Options

An array of solutions to meet your needs

1. TRAINING TUTORIALS VIDEOS – On-demand online access 24/7/365; free to all customers

Now available for reference are service support videos encompassing numerous hardware and software topics. Each video provides a step-by-step understanding for quick troubleshooting. All of these support videos will be linked to respective articles within the Knowledge Base to ensure you have a simple, quick, and thorough resource to utilize. We appreciate your feedback as we continue building our support video library.

2. VIRTUAL TRAINING – Online and interactive workshops; talk with Kahler support team & engineers

These live, online workshops are tailored to ensure your success, with sessions covering fundamentals as well as more focused topics. Based on feedback from our customers, this training opportunity keeps you up-to-date on the latest "tips & tricks" and lets you interact directly with the folks who design and support our powerful software.

3. INSTRUCTOR-LED – Enhanced Automation Software Training, either at Kahler or your facility

Looking for increased productivity, ease of use, and efficient operation? Enhanced Automation Software Training is a one-day, instructor-led course that covers a wide range of topics based on your feedback. Participants get hands-on experience and 1-on-1 guidance on the latest capabilities of Terminal Management TMX and Plant Supervisor PSX with in-depth topics.

- **KAHLER FACILITY** – A full day of Enhanced Automation Software Training hosted by Kahler Automation at our Fairmont, Minnesota, headquarters. We provide lunch, a tour of our facility, plus opportunities to chat with Sales, Support, and Engineering staff.
- **ON-SITE** – If you have a group of 12 or more people that need Enhanced Automation Software Training, we can provide tailored courses at your location of choice. Overall, the localized training can enhance the effectiveness of learning and development leading to improved performance, productivity, and employee satisfaction.

4. TRAINING MANUAL AVAILABILITY – Comprehensive reference used in instructor-led training

Get Kahler's comprehensive Enhanced Automation Software Training manual to maximize your team's success this season. This 240-page document can be ordered by calling (507) 235-6648 - press "1" for Sales then "1" for Order Processing. The part number is 501601 and the price is \$75.
