

LEVEL 2 UNSTAFFED FACILITY CONTROLS

SECURED UNSTAFFED CONTROL

This unit allows selected operators to receive product at the location unstaffed 24 hours per day. Authorized user may either select product to be dispensed, or orders may be pre-authorized and selected at the time of pickup. All transactions are recorded and sent for billing.

LEGAL FOR RESALE SENSORS

Mass Flow Sensors are a part of the unstaffed system. A single, or multiple mass sensors will be used to measure all products to be dispensed.
